- Talk to me about the different models so we can determine which best suits your needs.

## Tell me how to get my purchase, in effect, reimbursed.

*Kangen water drinkers usually have a hard time keeping the good news to themselves. The happy side effect of sharing Kangen with your friends is that they get healthier, too!*

- And, when you share the Kangen device others, Enagic will give you a generous referral check. Share with three people, who then share it with three people each, and help them get their own devices. **Nine orders will more than repay your initial investment.** Just give 2 gallons of Kangen water, and an invitation to a class or a DVD. Put your own email address and phone number (replacing those here), and give this handout to three friends who want to feel better, balance and heal their bodies, and have more energy.
